### The READER and **VERBATIM** RESOURCES and WEBSITE

## HOW THE VERBATIM WEBMANUAL System Works

### STEP ONE

#### PURCHASE THE VERBATIM READER.

The VERBATIM READER is a 40-page, concise summary of the Bible-centered Leader paradigm developed by Dr. J. Robert Clinton. Its source is "Having a Ministry that Last" by Dr. Clinton.

The READER is divided into FIVE resourcing sections. Each section is a resourcing category on the Verbatim Website. Links to the resources for each category can be found on the category description page, and on pg. 26 of the Reader.

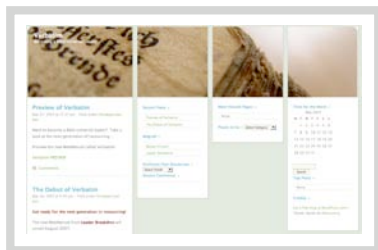

### STEP TWO

#### ACCESSING THE VERBATIM WEBSITE

Log onto the website using the web address:

**[www.biblecentered.wordpress.com](http://www.biblecentered.wordpress.com)**

On the web home page, notice that in the left-hand column, there are a series of posts. These are the resources. Most resourcing posts require a password. Each password protected page is a resource or worksheet that coincide with the Verbatim Reader. New resources are added regularly. Resources can also be accessed under CATEGORIES.

### STEP THREE

#### DOWNLOAD THE RESOURCES

#### PASSWORD PROTECTS

Passwords for each of the resource postings are found in two places in the VERBATIM READER. (1) On the actual page within the READER that corresponds to that topic area, or (2) on Page 26 of the READER there is a list of all the resourcing categories and corresponding passwords.
